

GELSON HERNÁNDEZ

Full-Stack .NET Developer

B.S in Computer Science Student

<https://www.gelsonportfolio.com/>

PROFILE

Full-Stack .NET Developer experienced in building modern web applications using C#, ASP.NET MVC, JavaScript, and PostgreSQL. Currently pursuing a Bachelor of Science in Computer Science to strengthen expertise in algorithms, data structures, and software architecture. Developed a full-featured bug tracking system as a real-world web application. Passionate about clean architecture, maintainable code, and responsive UI/UX design.

WORKING EXPERIENCE

Coder Foundry | 2023

Full Stack .Net Developer

Bug Tracking System: Explore the project [here](#)

- Developed and deployed a full-stack bug tracking application using ASP.NET MVC, C#, PostgreSQL, Entity Framework, HTML, CSS, and Bootstrap.
- Delivered the project within a 3-week deadline and deployed it on Railway.
- Implemented role-based authentication and authorization to manage user permissions and ticket access.
- Built dynamic ticket management features for tracking issues, assigning tasks, and monitoring project progress.
- Improved application performance by refactoring code and resolving critical bugs, resulting in faster load times and better usability.
- Utilized GitHub for version control and implemented CI/CD pipelines for automated deployment.

JavaScript Challenges

- Complete six front-end challenges demonstrating advanced JavaScript, DOM manipulation, and responsive UI development.
- Built interactive components focusing on clean code, performance, and user experience.

EDUCATION

University of the People

Bachelor of Science in Computer Science | April 2026 – Present

Coder Foundry

Full Stack .Net Developer
Completed in 2023

SKILL

- ASP.Net
- MVC
- C#
- API
- JavaScript
- HTML
- CSS
- Bootstrap
- I/CD with GitHub
- PostgreSQL
